Assistant Commissioner for Patents  
Washington, D.C. 20231

**RESUBMISSION OF DOCUMENTS IN RESPONSE TO RESTRICTION REQUIREMENT**

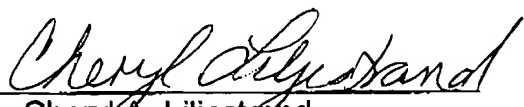

Applicants' representative orally elected Group I of a restriction requirement imposed by the Office in January 2002. (Notice to File attached). Applicants then responded to the same restriction requirement in written form mailed July 3, 2002 on September 17, 2002. (See attached Facsimile).

Applicants request that the election be entered and an Office Action on the merits be issued in an expedited fashion due to the significant loss of time between now and January 2002. Applicants also request that this loss of time be reflected in the patent term adjustment. Applicants submit that no fees are due in connection with this response or the response filed September 17, 2002.

Respectfully Submitted,

Dated: April 30, 2003
